D. A. R. Meeting.

Lexington Day, April 19, was celebrated by the members of the St. John de Crevecocur Chapter, D. A. R., at the home of the regent, Mrs. Robert Mackinnon. Letters of greeting were rend from the non-resident members, Mrs. Gertrude Laird of Royalton, Mrs. Emma Richmond of Randolph, Mrs. Ella Richardson of Newtonville, Mass., and Mrs. Blanche Gowen of Lynn, Mass.

The topic of the afternoon was Virginia and Its Settlements." Much of the early history of that state, which is of particular interest at the present time, was given by Mrs. P. F. Hazen. A request has been made to all the

chapters of the organization for revolutionary relies to be sent to the Jamestown exhibition. In this state the various chapters are contributing to the support of an aged lady in Springfield, Mrs. Sarah Bingham, who is a real daughter of a revolutionary soldier. They also contemplate the presentation of a flag to the battleship Vermont.

The local chapter has placed in the Athenæum a quarterly publication, The ournal of American History. This promises to be a work of great interest o all lovers of our early history. It contains many transcripts from ancient documents and reproductions of old engravings, as well as articles by present day writers.

FOR USE ON LIGHT AND WORN-OUT SOILS.

HERE ARE FEW of the hill farms of Vermont which do not have more or less light or sandy soil, which through continued cropping. has practically "run out" and which it would be unprofitable to attempt to bring into a state of cultivation by the use of expensive commercial fertilizers.

It is generally conceded that on such soils Salt, by drawing to the Rev. and Mrs. Granger of Peacham, earth the moisture in the atmosphere, and in this way keeping the roots of the plant in a healthy condition, really acts as a fertilizer. It is said that an oat crop on such soil is more than doubled by the application of salt and it is especially recommended to those who wish to raise this crop.

We are selling our Fertilizing Salt this year for the very low price of \$3,50 per ton. free on board cars at Hyde Park. This price is conf young ladies at his sugar place Satur- siderably less than that for which ordinary Salt can be bought and our Salt contains considerable matter which adds to its fertilizing
